

ORDINANCE NO. 2017-1171

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF IMPERIAL BEACH, CALIFORNIA, KNOWN AS THE IMPERIAL BEACH MARINE AND BEACH PROTECTION ORDINANCE, REGULATING THE USE OF EXPANDED POLYSTYRENE AND NON-RECYCLABLE PLASTIC DISPOSABLE FOOD SERVICE CONTAINERS BY FOOD PROVIDERS, AND EXPANDED POLYSTYRENE PACKAGING

WHEREAS, the City has engaged in ongoing efforts to reduce or limit products that are harmful to the environment; and

WHEREAS, plastic products photodegrade, meaning they break up into smaller pieces when exposed to sunlight, and these smaller pieces persist in the marine environment for hundreds of years and can enter the food chain by animals believing the pieces are food. Additionally, plastics also leech chemicals as they degrade into soils and water; and

WHEREAS, polystyrene is particularly harmful to the environment because it is frequently used for single-use purposes and Californians Against Waste estimates that 377,579 tons of expanded polystyrene are produced in California and that 154,808 tons of that type of polystyrene are made specifically for food service packaging and these products are often immediately disposed of after a single use or dispersed into the environment by being blown by the wind or falling out of trash receptacles; and

WHEREAS, approximately 80% of all refuse that ends up in the oceans comes from the land; and

WHEREAS, San Diego Coastkeeper reports that in 2014, 46% of debris collected on the coastline of San Diego County was plastic based and many of the plastics collected were pieces less than one inch in diameter, and much of it was non-recyclable expanded polystyrene foam; and

WHEREAS, the U.S. Department of Health and Human Services' 13th Report on Carcinogens concludes that styrene "is reasonably anticipated to be a human carcinogen"; and

WHEREAS, many local environmental groups support the efforts of local government to limit or ban the use of polystyrene in their jurisdictions and because the City of Imperial Beach is a coastal community, the City has the opportunity to reduce the amount of plastics that end up in the ocean; and

WHEREAS, the California Coastal Commission has developed "A Plan of Action from The Plastic Debris Project" in 2006, which was funded by the State Water Resources Control Board, that includes recommendations for local government to impose limits, bans, and prohibitions on materials that more commonly become litter and marine debris, including polystyrene; and

NOW THEREFORE, THE CITY COUNCIL OF THE CITY OF IMPERIAL BEACH DOES ORDAIN AS FOLLOWS:

Section 1. The above recitals are true and correct and incorporated herein as though set forth in full.
